

always on call

We are one of Canada's premier suppliers of life safety service.

- All fire alarm equipment (detectors, pull stations, audible and visual signals) are inspected and tested to ensure complete system operation.
- Our certified technicians are factory trained to inspect and maintain all of our fire alarm systems.
- We provide documented inspections to ensure the reliability and integrity of your system, clearly identifying deficiencies before they become liabilities.
- Our complete line of product is supported by nationwide computerized inventory.
- We provide installation testing and inspection service, maintenance support, and renovation upgrades.
- 24-hour emergency service.
